## Imagine This ~ By Bob Philo Board Of Governors President

*I am pleased to be a member of a good country club. I enjoy the social activities, dining and golf here at ECC. But I can't help thinking that ECC can become a great country club - one which all of its present members would enjoy even more. What we need is critical mass, enough members to enable us to not just cover the present operating costs but to make significant improvements to our facilities and experiences.*

*I know that some members are tired of hearing about recruiting new members and others have said "but what about us, what are you doing for us?" The truth is we must have more qualified nominations and each of us must try to nominate a friend, co-worker, neighbor or someone we do business with that we believe would enjoy being a member at ECC.*

*Our path to greatness is in two simple steps. First, we get back to 451 full privilege members; critical mass. Then we grow to 525 full privilege members; full with a waiting list. When we get to critical mass, we will begin to see capital improvements and enhanced services. When we get a waiting list, we will be on our way to greatness and we will have the membership and funds to get there.*

*We are partners with our management team. Our partnership duties are to nominate qualified prospects for membership in order to reach critical mass. Our management team's duties are to enroll those nominated and to make sure that every member, old or new, enjoys the ECC experience. In my view, they are all performing and some of us are not "holding up our end of the bargain". Please take time to think about who you are going to nominate and then do it.*

*Thank for being a participating member.*

*Bob Philo*

## Ambassador News ~ By Todd & Wendy Hall Ambassador Co-Chairs

*This month we would like to thank all the Ambassadors for their hard work in getting our New Members involved in the Club. Martini's had another great turn out and we would like to thank Brianna for her hard work on the balloon rainbow and decorations. If you missed it we look forward to seeing you this month at bling-tini. So make sure you break out your bling for this month. Great work!*

*The Ambassadors' are hosting The Be My Guest Golf Tournament on April 17<sup>th</sup>, 2010. The Tournament is a shot gun start at 1:00 followed by dinner, awards and activates for any participant and their families to enjoy. So new members, be expecting a call from you Ambassador's in regards to the tournament. We look forward to seeing you and your guest.*

*We would also like to thank all the members throughout the club who have been stopping and introducing themselves to our New Members and Member Candidates. We really appreciate your help in making our club feel like a home away from home for all our new friends.*

*This month we would like to introduce Ambassador's David and Tammie Donaldson. For those that don't know us, we are David, Tammie, Stryker (age 8) and Slade (age 4). We have been members since June 2009 and have loved it! When we first joined, we would take the boys out most evenings to hit some balls but it wasn't until Tammie was invited to go with a friend to a Drink and Drive that she got hooked! Because of our jobs we don't get to play golf as much as we'd like but we're hoping that will change with the upcoming longer days of sunshine. Otherwise we do take advantage of the other activities the club has to offer. You will almost always find us at Martini's with the Manager, Saturday night Karaoke, Bingo, Mommy and Me activities, Thursday night Pasta Night and more! We love the club and all that it has to offer.*

*Thank you for being a member!*

*Todd & Wendy Hall*

## Message From The Manager ~ By Jayson Petersen General Manager

*I am writing this article on what is supposed to be the first day of Spring. As I look out the window and watch the snow fall you sure wouldn't think it! Needless to say I am tired of this weather, hopefully it is the last cold spell for the season!*

*April is going to be a great month. All of our social golf events have kicked off and I even played in my first drink and drive. Thanks to Marilynne Todd and the Harpers for putting up with me, it was a lot of fun, even though I did not get to use my drink tickets.*

*I would like to let everyone know about a special monthly dinner beginning this month. I am going to begin hosting a monthly Sponsor's Dinner at the Club. This will be a special dinner to thank you for sponsoring a new member into the Club. I will personally plan and help prepare this meal. Obviously I would love to host as many of you at these dinners as possible. If you have sponsored a new member this year watch for your invitation and I look forward to dining with you!*

*Hope to see you all around the club!*

*Jayson Petersen*

### The Nifty Fifties Synopsis:

It's Peggy Sue's birthday. She's turning sweet sixteen. She and her steady Johnathon E. Good have a date at the diner to celebrate. But things turn sour when Peggy and John E. discover someone's stolen his fathers brand new Shavy El Domino. Will their paranoid Etiquette teacher Miss Molly and the other not so nifty 50's misfits help him recover it before his father finds out? Or will John E. Good learn a lesson he'll never forget?

A 1950s non-murder mystery set in a diner. A fully scripted mystery, complete with guest star appearances, 50s trivia, dance and music suggestions. Perfect for a large group birthday party.

## On the Greens

~ By Aaron Schick  
Golf Course Superintendent C.G.C.S

*As we head into April it is a very busy time in the golf course maintenance department. The grass should all have broken dormancy by now and though it may not be growing at full capacities due soil temperatures being too low it is still green and much more pleasing to the eye than dormant turf. The soil temperatures should reach optimum between the middle and end of the month. Soil temperature is the main signal that turfgrass uses telling when to grow and when to conserve its energy. For the majority of warm season grasses; which our Bermudagrass falls into, the window between seventy and ninety degrees Fahrenheit provides the best growing conditions. When soil temperatures are above this range the plant will slow its growth and expend energy to protect itself by storing carbohydrates in the roots to use when the soil temperature returns to optimal growing conditions. When temperatures fall below seventy degrees the plant does the same thing until it gets cold enough to go into dormancy. Keep this in mind throughout the month as the grass may be green but may not be growing at full potential.*

*Also during the month of April we will begin vertical mowing the green in conjunction with our weekly topdressings to help control the thatch layer in the greens.*

*The majority of the time this will take place on Mondays while we are closed. However there will be times that we must do this on other days during the week. These two cultural practices along with core aeration are the best ways to control thatch in our greens. Your understanding is appreciated while we perform these much needed tasks.*

*Thank you for being a member.*

*Aaron Schick*

## Eldorado Nine Hole Golf Association

*We are moving into the second month of our season and that means it's time for our first tournament of the year, the Individual Eclectic, a two-week event to be held on April 21<sup>st</sup> & 28<sup>th</sup>.*

## Member of the Month

~ By The Stovers Family

Brad and I have been members of Eldorado Country Club 10 years. It truly is our home away from home!

We moved to McKinney from Lubbock, Texas to start an Electrical Contracting business. Brad graduated from Texas Tech with an Electrical Engineering degree. I on the other hand still don't know what I want to be when I grow up...so I have not finished my schooling! Part of the reason for that is the love I have for playing tennis & the tennis program at Eldorado. It just takes up all my time!!!! Much to Brad's dismay I spend a lot of time and money on tennis lesson's and still have not figured out a way to get paid for playing tennis. Grady has done the best he can...some things just are not meant to be!

All joking aside, the club really is our social life. Over the year we have made life long friendships with people we have meet playing tennis and golf at Eldorado.

We like the comfort of knowing we have a warm and friendly place to spend New Years Eve, Easter, Mother's Day, or just running up for dinner.

We enjoy playing golf together and love the events the club has for couples.

Thank all of you for making the past ten years so enjoyable. We are looking forward to many more!

## Tennis Talk At Eldorado

~ By Grady McKee  
Director of Tennis

Hey Everyone,  
The Spring is here and it is about time for some good tennis days.

The EWTA had their tacky tennis mixer rained out, but had a great time playing cards in the ladies locker room. It was a sight to behold for sure. Good job ladies on getting the Morning EWTA league roster up to 16 players!! That will be an awesome group and thanks to the EWTA for their continued effort to coordinate with the shop so we can make sure all subs are accounted for. Remember a call to the shop by 7pm the previous night will ensure your being in the rotation for the following day's tennis!

Men's League is having a kickoff event on April 6<sup>th</sup>, so be there! This will be a fun event with the boys and some beers. All levels, Pros playing, fun tennis, and BEER Included. Men's USTA leagues start up in April so if you're not on a team and want to be on a team let me know your level! We'll get you hooked up with a captain!  
Hope everyone has a very happy Easter!  
Grady McKee

#### MIDDLE SCHOOL & HIGH SCHOOL

Students who have tried out or made their tennis teams need more practice!  
Most school teams have a 10-20 player/pro ratio and that significantly reduces the ability of the junior to develop.

Sign them up for group lessons or JD today  
so we can help them reach their tennis goals!

Intermediate and Advanced juniors sign up today for JD
