Imagine This...

by Lisa Baird, Board of Governors President

Let the Projects Begin!

The first Capital Fund project will be leveling some of the tee boxes. This will begin before the summer is over. We are currently obtaining bids for the remodeling of the grill. This is a very exciting time for Eldorado. And we continue to add dollars to the Capital Fund for future projects. All of this is possible because of all the member referrals. Keep them coming!

I have noticed an increasing number of cigarette butts around the greens and in the bunkers, and for those who are trying to kick the habit, there are those lovely square aluminum nicotine gum wrappers. And how about the imprint of the putter on the green building by the 13th green? So while golf might be stressful, try not to take it out on the golf course. Perhaps a little time at the driving range and practice green would help.

Get out and enjoy the pool before the summer is over. And don't forget to order something from Mulligan's when you're there. There are so many things going on at your club. Check out the newsletter (which obviously you're looking at right now). There's something for everyone.

See you at the club!

Ambassador News

by Rob and Jennifer Spring

We would like to thank all the members throughout the club who have been stopping and introducing themselves to our New Members and Member Candidates. We really appreciate your help in making our club feel like a home away from home for all our new friends.

A Big Thank You goes out to all the ambassadors for their hard work and dedication and making the club a fun and exciting environment for all new and existing members. To all members please **keep up the good work and let's continue to make our club the best it can be.**

This month our Ambassador Spotlight shines on Meg and Doug Derrybery. The **Derryberry's have 3 amazing kids, Dylan 21, Jacob 17, and Maddie who is 15.** The Derryberry family have been members at the Club since 2006 and enjoy participating in **Drink and Drive, be my guest, Martini's, EWTA, and of course yoga** to help keep Doug in shape. Outside the Club, Meg is a labor and delivery nurse and Doug is a money manager. Doug plays with the Smitty group and as far as he can remember, he has never lost a bet to Billy Hyle!

Golf Course

The dog days of summer are upon us. At time of print we have already had more days of hundred degree heat than we care to think about with many more to follow for sure. During these days of extreme heat combined with the humidity we have a lot of thunderstorms develop in the afternoons. Many times these storms are severe and have lightning associated with them. Here are a few key points to observe during these storms.

- * Seek shelter at the first sign of a thunderstorm. If the course's warning system sounds, take cover.
- * If possible, get off the golf course or go to a designated lightning shelter.
- * Do not stand under a lone tree. This is where most people are injured or killed.
- * Stay away from water.
- * Stay away from your golf clubs.
- * Move away from your golf cart.
- * If stranded in the open, go to a low place such as a ravine or valley.

Thank You for being a member!!

September 9th, 10th, & 11th 2011

Sign up for the MEN's USTA Major Points tournament in age divisions. This is a great tournament we are hosting that will incorporate many different levels and ages in pool play format that will allow for levels to equal out. All the men in the club would qualify and should sign up!!! I know that is the first week of the Men's USTA season, but we could reschedule that and be able to play! FYI, the courts will be booked for this time, so if you are playing Men's tennis, we need to petition the USTA for away matches those days.

This class and all ALL STAR classes utilize the quickstart format of youth tennis training. This ALL STAR class now incorporates a "transition" class from 4-6 pm for juniors who are ages 9-11 and close to moving up in level. These juniors use their time as leaders for the 4-5 class time and as learners for the 5-6 class time. This class allows for their own development on 60 ft court and growth into the eventual 78 ft court.
