Imagine This...by Lisa Baird, Board of Governors President

2012 is here, and Eldorado is getting geared up for another great year! We are still full with a wait list, which means Capital Fund money is accruing as I write this. A survey will be coming out soon so we can get your input on how to best spend the money. Remember that in order to keep the money rolling in, we have to maintain our status. In order to do that, we need new members. We are currently working on a plan that will help us achieve that goal every year. More details will be coming soon.

If anyone has any concerns or suggestions, please don't hesitate to let me, Jayson or any of the board members know. As board members, we take our jobs very seriously, and we are happy to discuss anything that any member brings to us.

Here's to a fabulous 2012!

Ambassador News... by Todd & Wendy Hall

Happy February Everyone!

We have gotten off to a GREAT start for 2012. We are already starting the planning for the "Be My Guest Tournament". So be on the look out for your invitation over the next couple of weeks. We only have this event twice a year, so you will need to sign up quickly. Also don't forget about M3, it's always a great place to mingle with your friends at the club and also to meet new ones.

Lastly please make sure to say hi to anyone you do not recognize. ECC is a home away from home for many of us and we want our new members to feel the same. Thanks for all your hard work and time. ECC would not be what it is without you.

Lucky Bucket Saturday Nights

Join us for dinner on Saturday nights in February and try your luck at winning great prizes by drawing from the Lucky Bucket!

On the Greens by Aaron Schick, Golf Course Superintendent

The month of February is shaping up to be a busy month for the Golf Course Maintenance department. We can only hope that the weather is better this year as opposed to the eight plus inches of snow we received last year.

During the month we will be spraying our preemergent herbicide for weed control through the spring and summer.

It usually takes us two weeks to complete the application.

The major project that we are working on will be continuing tree trimming throughout the course. We have rented a lift and will be addressing some much needed tree trimming. Our emphasis first will be to address trees that cause shade issues on some of the greens. Then from there we will transition to opening up some of the chutes from the tee complexes. We are planning on having the lift for a couple of months and will continue to do as much trimming as possible as weather permits.

Thank You for being a member!

Junior Academy 2012 Program

The objective of the Junior Academy is to provide each junior with the skills, knowledge, etiquette, and confidence needed to perform well on a high school team and eventually college team if the junior desires. Tennis Talk With Grady

I want to thank everyone for making the PING PONG Tourney such a great event. There were almost 70 players in the event and I hope yall had a great time as it was a packed house in all areas of the club all night! We had a great showing

in each division and I wanted to thank the participants for helping us keep the schedule moving so well. The winners are posted on the next page and stay tuned to the newsletter for more great events!

Attention All Members: We Have A New TV!

If you have not seen the new TV that will be on the Deck for your enjoyment then you should come on up. It is a great addition to the deck and will be available for all our viewing of the Grand Slam tourneys and more!

I would like to also announce that we will be using it to present our flyers for the club events so if you wish to change it from flyers to TV, please see the instructions on the TV.

I would like to remind all our members that the TV will be available during staffing hours only so our apologies in advance, but with the set up we have we can not leave the TV out after our Staff has left for the day. Thank you for your cooperation.

With the addition of the TV I would like to take a moment and let all the members know that we are looking forward to implementing a maintenance and repair schedule for many items around the facility. With these repairs comes a need to take pride and we need the help of all members to keep the facility in top shape. Please see the list of items that can damage or help prevent damage to the facility:

Nets:

Nets are not chairs—please do not sit or lean on the net as the net posts have begun to slump inward and can damage the crank... this is very expensive to replace

Nets are not punching bags—please do not slam rackets on the nets as that can tear the strap and then must be replaced—also not a cheap replacement
Netting material begins to tear at the middle near the net strap from service faults—so please do not double fault! JK

Score Cards:

Scorecards are not steel like the net posts—they will not slow you down so do not grab them when you are running

Scorecards are not walls—please do not lean on them

Scorecards are not tetherball games—please do not hit the balls roped to the scorecard for your Convenience —they are not fun to replace

Scorecards are not blanks of wood—please do not use them for your Karate practice—or slam them with your rackets

Windscreens and Fences:

Fences are not parachutes—please do not stop your momentum by running or jumping into the fence intentionally—it stretches out the links and thus creates holes at the bottom of the fence.

Windscreens are not catchers mitts—please do not throw your racket into the windscreen as often the butt of the racket can go through the screen and link

Fences are not supportive—please do not jump the fences at the low points—the joints are not strong enough and the pole may give way under the weight and you go splat.

Tubes:

Please do not drag the tubes—it tears up the plastic at the ends needed to pick up the balls

Kiddos please do not jump on or throw the tubes—amazingly these are really not cheap considering they are just PVC pipes with an end!

Ball Machine:

The ball machine is in working order and I would like to remind everyone that we do have balls that are recycled often.

If you need some newer balls in the ball machine, just let me know and we will cycle some balls out. Balls do go dead, but we do our best to keep new balls moving from basket to basket.

If the ball machine is stuck—some times it is as easy as hand turning the wheel so it catches with the motor. Please do so slowly.

If the ball machine is stuck—sometimes it is the number of balls in the basket. There is a limited number of balls in the ball machine at any given time to prevent this.

Demo Rackets:

Demo rackets are loaners, not Christmas presents—

We have instituted a new demo racket policy to help us with our demo returns. When giving out a demo racket the shop will CHARGE the user the retail price of the demo racket and will CREDIT the user the retail price of the demo upon its return. This can only be done on

member charge or credit card and will be necessary even if you are using the rackets on site for even just 10 mins. We appreciate your help with this as we had a few rackets we could not account for and need to institute a better system to ensure proper accounting for our Demo rackets. Thanks.

I don't assume that everyone has these problems, but I would like to ask all our members to help report abuse so we can continue to provide a quality facility product. I simply ask everyone to be aware of these issues as we look to improve the facility. I can not say what will be done or when, but we are working with your Capital Improvement Committee that funds projects through our Membership Partnership Program and we can always do more when we have more members so INVITE YOUR FRIENDS to JOIN ELDORADO!

McKinney HS Tourney

Hey Gang, I want to remind everyone that time of year is here where we will be using all the courts for tournaments. Our First one is the McKinney HS Booster Club Tourney on February 17th and 18th. That is a Friday and Saturday so there will be no courts available for use on those dates. There will be NO BEGINNER DRILL on Friday but there WILL BE an OPEN DRILL on Saturday from 9:30-11. This is only available due to the reduced number of courts needed on Saturday vs Friday. I appreciate everyone's help with these tournaments and apologize in advance for any lack of usage to support our local junior tennis programs. Please see the following dates for this year's tournament schedule.
