## Bob's Babblings

**Imagine!** That is what each of us needs to do as soon as we all - every member - buy into the truth that this really is our club. We are member-owners of Eldorado Country Club. The Arnold Palmer Group and all of our staff manage it for us. We are partners with them; rather than simply customers of a commercial business owned and run by someone else. It is important that we understand that first and then that we think about and plan the future of our club.

That is where your vision and my vision and the vision of each of our member-owners come into play. We must each think about - dream about - imagine what our club will be like two years from now, five years from now, ten years from now.... Then our elected club leadership with

input from each of us and in partnership with the Arnold Palmer Group, needs to develop and share a short-term and long-term plan for the future of our club.

To facilitate consideration, imagination, discussion and feedback of the future of our club, we have established a new Imagine page on our website ([www.eldoradocc.com](http://www.eldoradocc.com)). You can go there to see what your fellow member-owners envision for our club, to post your own ideas and requests for consideration, or to provide feedback to our staff and elected leadership concerning the future of our club. To get things started and to show that we need to "think outside the box" I have posted some ideas and concepts there. No decision has been made to go forward with any of those imaginations. We are at the early stages of this process and need your participation. In the coming months you will hear more about this, and how we are planning to implement the selected improvements.

See you around our club. Bob Philo

## Ambassador News

The great thing about a membership by invitation club is that great people become members. A compliment to Eldorado is the number of members that refer their friends and relatives to become members. These referrals have brought us people that have enriched the quality of life at our club. The success of any club is the atmosphere of inclusion and belonging that is becoming more and more apparent at Eldorado Country Club.

These referrals are keeping the Ambassador Club very busy. Our last two introductory brunch gatherings have brought out groups of twenty or more each time. At these brunch gatherings, new members have an opportunity to meet other new members and get acquainted with the various clubs within the club and activities at Eldorado. The quicker

we can make the new members feel at home while at the club and knowing other members the better for Eldorado Country Club.

This month we would like to introduce you to another new ambassador team, Jack and Jeanenne Pivin. Jack has been a member since 1991 and they met at Eldorado and became engaged at a Valentines Day party at the Club. A little known fact is they were married in a hospital where Jack had emergency surgery and was recovering in intensive care. They had their wedding reception at Eldorado without the groom. Jack is a member of the MGA and can be found in the card room most days playing Gin. Jeanenne is a member of the EWGA and is often at the club. Together they have seven grandchildren. They are very friendly, so say hi when you see them around the club.

## Gossip From The Grill

Summer is in full swing. July 4<sup>th</sup> will be a great pool party, come out and join the fun. Wednesday Half Price Night is still a good time to bring family and see friends for an inexpensive night out.

There were over 250 people at Martinis with manager on Thursday, June 18 and the Turtle Races were a tremendous success.

Chef Ed Grochowski prepared a wonderful meal for his Martinis with the Manager. He is moving back to Chicago to be closer to his family. We wish him well and success in his new endeavors.

Dave Ball one of our Food and Beverage Assistants and Bingo caller is moving to Lewisville to take care of his mother following his father's recent death. He will be finishing school and pursuing his internship at another venue.

## Handicap Committee

**Handicap Committee Members**  
Marion Dantzer  
Paige LaSalle  
Laura Spearman  
Jim Staif  
Marilyne Todd  
Rich Wright  
Scott McClinton, non-voting

At the end of this year two of our Handicap Committee members will rotate off of the committee. Preferably, we would like one new male and one new female member for next year's group. Anyone interested should contact one of the members above within the next month or two.

*Thought for the month...* Ladies, Guys would you like an extra handicap stroke or two, or more when playing against your friends? If you can hit the ball comparatively far, try the Player's courses. If your playing partners continue to play from their normal middle or forward tees, you can gain at least one handicap stroke by playing your Player's course instead. Handicaps are based on the course rating. In other words, your course handicap, if you score fairly consistently, will result in your having a net score equal to the **course' rating** or better 20-25% of the time (not par, as is commonly thought).

Each of us has a handicap on the GHIN system for each of the courses at Eldorado. Sometimes your index will result in a one stroke higher handicap for the Players course, sometimes it will be equal to your middle tee/forward tee handicap. However, even if it is the same, in addition to any handicap difference, according to the USGA, you should also be given the rating differential between the tees you play and the tees your playing partners do. So, for the men, the Player's course rating differential is 1.4 (71.8 vs 70.4) rounding to one full stroke. For the ladies, the differential is 2.6 (76.8 vs 74.2). Therefore ladies playing the Players course while their playing partners play the forward tees should receive three full strokes in addition to any handicap differential on the system. It is important to note that this rating differential only applies when competitor's are playing from different tees. If you all play from the same tees, you should, of course, use your system generated handicap for those tees.

## 2009 SUMMER JUNIOR GOLF PROGRAM

Hey Everyone,

**Grady McKee**  
Tennis Director

Thanks to everyone for their efforts on the Membership Drive. We have 25 new members in the drive at the time of this letter and we have 30 days to complete our goal of 30! That's awesome and we can only accomplish our task if everyone is selling their enjoyment of the club to their friends and colleagues. If you haven't noticed...the courts have been resurfaced on courts 3 and 4!!! It is Awesome and all courts have been resurfaced in the last 4 years. We should be able to keep the level of maintenance to a couple on rotating years of need and maintain a consistent surface on all courts!
